Project Overview

Keatron (the client) is seeking a new website to support the client's business. The new site is needs to support a unique landing page and multiple interior pages.

Project Proposal

Our proposal is to deliver a custom WordPress framework that integrates the feature set requirements to the client's server. The client's existing graphics, content and data will be integrated into the site along with additional graphics and video elements as required. The framework will support a fully customizable unique landing page (home page), unique interior pages (five different layouts), integrated SEO toolset and integrated blog/news. The site will be fully responsive for three (3) screens: desktop, tablet & handheld and with mobile optimized content.

Project Investment

Service	Price
Design, Develop and Deploy Existing Framework	\$1,250.00
Premium Annual Web Hosting – Optional Includes: Dedicated dual core, scalable LEMP server with 30TB of monthly bandwidth and SSL certificate. Service features monthly site backups, core/system updates and upgrades. (Renewable Annually)	\$300.00
Total Project Fees	\$1,250.00
